The SEIKO website is designed to provide customers, retailers and consumers with instant access to information about SEIKO. Log onto www.seiko.com.au and click the following links to find out all there is to know about the world's leading watch manufacturer.

Products – Learn more about the SEIKO Premium Collection or explore the entire SEIKO product range.

Support – Designed with retailers in mind, this section provides service information, instruction manuals you can download and 'frequently asked questions' to aid in trouble shooting, procedures for sending back repairs for prompt and efficient service.

About Us – Discover SEIKO's history from humble beginnings in 1881 and the rise that carried SEIKO to new heights and international renown. Learn about corporate structure, global networks and SEIKO's extensive involvement in sports timing.

Corporate – This section outlines specialised services that include the printing of company logos on the dial of a watch or clock, engraving and personalised messages, as well as customised packaging and more.

SEIKO will continue to grow and evolve and so, too, will www.seiko.com.au, so keep checking for regular updates. Please send any comments you have to info@seiko.com.au, all feedback is welcome.

QXD Series

- Westminster and Whittington chimes.
- Quarter hour chime.
- Hourly strikes follow hourly chime.
- Automatic chime silencer (11:00pm – 5:45am).
- Volume control.
- Calendar (model dependent).

QXG Series

- Dual chimes (Westminster/Whittington).

QXJ Series

- Quarter hour chime.

QXH Series (Except QXH202)

- Hourly strikes follow hourly chime.
- Automatic chime silencer (11:00pm – 5:45am).
- Volume control.

QXM Series

- On the hour, clock plays a melody.
- Equipped with a light sensor that automatically deactivates the melody and motion in the dark.
- Volume control and sound demonstration functions are also featured.

GLOSSARY OF TERMS

| TERM | DEFINITION |
|-----------------------------------|---|
| Anniversary Clock | A traditional type of mantle clock with a rotating pendulum encased in a glass dome. The name comes from mechanical movements, which needed winding once a year. |
| Ascending Alarm | An electronic alarm which starts off softly and gradually becomes louder in stages. |
| Carriage Clock | A traditional type of mantle, desk or table clock characterised by having a handle on top. Originally a functional feature, the handle is now most often ornamental. |
| Cloisonné | An intricate process in which a skilled craftsman creates a highly decorative design. A copper plate is deeply etched with the artist's pattern. Silver plating is bonded to the raised surfaces and polished. Then, special enamel paints are applied and fired in a kiln several times to achieve a hard, glossy surface. |
| Dual Chime | An electronic clock movement that can be set to select one of two chimes. These are most commonly Westminster/Whittington. |
| Dual Time Feature | Two different time zones are displayed on the clock dial. These dials can be a combination of two separate analogue subdials or an analogue digital subdial. |
| Easy-To-Set | Front Rotating Alarm ring or "bezel" around the clock dial can be rotated to easily set the alarm time. This is the most convenient alarm setting feature available. |
| Light Sensor | A device that automatically disengages all alarms and melodies when there is no available light. Light sensors are available in some mantle clocks and wall clocks with chimes or musical movements. |
| Luminous Hands and Markers | Markers on dials or hands glow in the dark for a period of time. |
| Night-time Silencer | A mechanism featured in a chime clock that automatically shuts off the chime at 11:00pm and resumes functioning at 5:45am. |
| Regulator | The pendulum of a clock, which originally served the function of "regulating" a mechanical time-keeping mechanism, it is now a popular ornamental feature. |

| TERM | DEFINITION |
|---------------------------|---|
| Rotating Pendulum | An ornamental pendulum that moves in a circle, stops, and then rotates in the opposite direction, or rotates in a continuous circle. |
| School-house Clock | A traditional style wall clock featuring a long rectangular wooden case with a pendulum. |
| Skeleton Clock | A "see through" design that exposes the clock movement wheel assembly to view. There is usually a sub-second hand. |
| Snooze Alarm | This alarm, once stopped, allows for three to five minutes additional sleep before the alarm resumes sounding. |
| Step Second Hand | Unique to quartz clocks, this "start-stop-start" motion precisely measures time in one second intervals. |
| Sweep Second Hand | The second hand moves in one continuous motion and has the advantage of being extremely quiet while operating. |
| Tambour | This is a traditional style whose name is based upon its resemblance to a small drum-like tambourine. |
| 24 Hour Time | Also known as military time. To convert 12 hour time to 24 hour time add 12 to any PM time. For example: 2:00pm is 12 + 2 or 14:00 in 24 hour time. To convert 24 hour time to 12 hour time, subtract 12 from 13:00 through 24:00. For example: 14:00 in 24 hour time is 14 - 12 or 2:00pm in 12 hour time. |

All SEIKO watches and clocks are covered by a 3 year guarantee. The guarantee covers defects in the material and workmanship from the date of purchase. As a SEIKO authorised dealer it is your responsibility to correctly fill in the guarantee with all the information required.

In the case of incorrectly used guarantees, return them to SEIKO Australia or hand them to your SEIKO Australia Representative for free replacement, otherwise a charge for new guarantees will be applicable.

Global Service Network

SEIKO's dedication to quality extends throughout its service network in all corners of the world, extending the same dedication to excellence and the highest quality service to SEIKO customers everywhere.

For over 100 years SEIKO has stood for quality – in manufacture, design and service. Today, our SEIKO service centres strive to offer the highest standard of after-sales service and ensure lasting consumer satisfaction. In the Oceania Region, SEIKO Australia Pty Ltd has a network of branch offices, service centres and authorised service agents throughout Australia, New Zealand, Papua New Guinea, and the Pacific Islands.

For service, repairs and spare parts enquiries, please phone 1300 363 575 or email service@seiko.com.au
